Description

Postman Student Experts are proficient in the essential skills required for consuming APIs in Postman and applications.

## Earning criteria

A hand's on certification that teaches:

- What APIs are and their importance in modern software development
- How to use Postman to work with APIs
- Making GET, POST, PATCH, and DELETE requests
- Query parameters, bodies, headers, response codes
- Basic scripting
- API Key Authorization
- How to use APIs in your applications

[Postman Student Program](#) creates opportunities for students and educators to teach and learn API skills.

## Get certified!

Register [here](#) as a Postman Student Expert to get started and earn your certification!

## Narrative

This badge was awarded for demonstrating proficiency with APIs and Postman by completing foundational tasks in Postman and passing all tests with a submitted Postman Collection
